

## How to Convert Audio Bible CD to Audio CDs

This procedure requires that your computer be able to write a CD. Most newer computers come with a CD or DVD writer. The DVD writers can also write CDs. This procedure will require 15 CD-R disks and at least 2 hours to complete. Much of the time will be waiting so you may do other activities on your computer while the CDs are being written.

1. In Windows Explorer go to the "My Music" folder. Right click in the right pane of the window and select "New" and then "Folder" to create a new folder. Name the folder "NAB" .
2. Insert the Bible CD into your CD or DVD drive.
3. If you have Auto-play enabled on your computer an Adobe Flash Player 10 window will appear. Click on "Quit" in the upper right-hand corner of the window.
4. Open another Windows Explorer window and select the CD or DVD drive in which the Audio Bible CD is loaded.
5. Copy all the folders that start with "B" to the "NAB" folder that you created in step 1. This will take several minutes as there is a lot to be copied.
6. Copy the "playlist.m3u" file from the CD to the "NAB" folder.
7. The next steps were completed using Windows Media Player 11. Upgrade to this version if you haven't already.
8. Open Windows Media Player and, if there is a menu bar at the top of the window , click on "View" and select "Full Mode"
9. Right click on the little icon in the top left-hand corner of the window. The icon looks like a right pointing arrow head. Select "Open" and then navigate to "My Music", then to "NAB", then select "playlist.m3u" and click "Open" in the bottom right-hand corner of the window.
10. Verify that the right pane of the window now contains the individual chapters of the New Testament starting with "Matthew 01"
11. Place the first blank CD-R disk into your CD writer drive and click on "Burn" on the top menu bar.
12. When the first CD is burned it will eject. Take the CD and label it as Disc 1.
13. Follow the prompts until all CDs have been created. Label each disk with the disk number and optionally with the contents using the table below.
